Bogus Prince Robs Women of Jewelry hy the Use of Doped Bouquets.

Under the high sounding name of Prince Tachilindro of Montenegro, an impressive and elegant person, has made a distinct impression in the outskirts of Parislah society. Well dressed, handsome and agreeable, he was successful with the women and especially with wealthy English and American women, whose acquaintance he

specially cultivated. One of the prince's delicate attentions was the frequent presentation of beautiful bouquets to women upon whom he called or whom he met in social gatherings, and after a while it came to be noticed that these bouquets the recipient was sel el wouldn't give us no jobs-wouldn't recogwith a fainting fit or a sinking spell. Naturally the prince was the first to offer his lot of the young fellows in the ward- For the Human Body in Health and

the Montenegrin noble. he had been paying marked attention was one of the performers.

At the conclusion of her piano solo the prince stepped forward to offer congratulations on her skill and as he did so he presented a beautiful bouquet of Alpine violets. The usual result followed. The lady smelled othe flowers and immediately showed signs of collupse.

She stood up tottering to get out of the crowded room, whereupon the prince, sprang to her side and supported her as have given himshe withgrew. Unfortunately the hostess followed and caught the prince outside the door in the very act of disenguigns the lady's diamond bracelet from her arm. He was arrested on the spot and the effects of his bouquets were explained by the discovery that they were all impregnated with a powerful narcotic

Police investigations, the Gaulois reports, revenied the fact that the prince was a great of international notoriety named Bunskles-New York Sun.

Two Birds with One Stone. "Te Dr. I Millington Thompson, the throat pecialist, in the audience" asked one of the usbers, just after the curtain had gone down on the second act.

MAN FOUND ON TRACKS HURT Inconscious and Unable to Tell How His Skull Was Fractured and

Back Bruised. Clarence E. Berney, 2826 North Seven centh street, a laborer employed by the Union Pacific, was found early Friday morning near the coal chutes on Fourteenth street and the tracks, suffering from a fractured skull and a budly bruised back. He was taken to St. Joseph's hospital and is being attended by Dr. Updegraff, who thinks well of the chances of his patient recovering. Little is known of the case, as Berney is still unconscious.

The injured man had only partially reovered consciousness Saturday morning and is still unable to give a coherent account of the nature of the accident which befell him. It was thought there might be on element of foul play in the case, but his family was advised Friday evening by a person who professed to be well informed that Berney fell off a stepladder. No official report of the accident has

- Brocklyn Eagle. quired of the dead man's son: "Did you"

The fight is on. The war against sin in emaha through the agency of the Torrey Oliver mission, with the assistance of the pastors and members of nearly sixty burches, will be inaugurated Sunday evenig at the Auditorium. Plans for the sucess of the mission have been in the making for several months and all concerned profess to be very much encouraged over the prospects at the present time.

The "personal workers" committee, consisting of nearly 2,000 energetic and faithful pergbers of the different churches of maha who are uniting in the mission, has held frequent meetings for the purpose of being instructed in the work which they are expected to do. Neighborhood prayer meetings have been held weekly or nearly a month and to stimulate interest in the mission nearly all of the asters of the various churches exchanged uipits last Sunday.

Fifteen hundred of the ablest singers of maha have been engaged to sing during lows; he progress of the meetings, as it is the im of the management to have a choir of at least 500 voices at each meeting. The hoir will be led by French Oliver, the horister for Dr. Torrey, whose wide ex-

In connection with the interest aroused n the Torrey-Ofiver mission a word conserning the career and accomplishment of Dr. Torrey may prove of interest.

Dr. Reuben A. Torrey was born January 8, 1856, at Hoboken, N. J. He was graduated at Yale college and the Yale theoogical seminary and while a student at Tale was converted through the means of he celebrated evangelist. Dwight L. Moody, whose place in the world of evangellam he is so creditably filling. He was rdained at the age of 22 as a pastor of he Congregational church.

After serving as the pastor of churches it Garretsville, O., and Minneapolis, Minn. Dr. Torrey was called to the superinten ency of the Moody Bible Institute at Chicago and was Mr. Moody's chief assistant the World's fair evangelistic campaign n 1893. When Mr. Moody was taken ill during an evangelistic campaign at Kansas City Dr. Torrey was called upon to take the place of the world-renowned cvangelist and completed the meetings with

great credit. In 1902 he commenced the great evangelistic campaign in Australia and converted over 8,600 persons in the city of Melbourne in less than one month. He then held meetings in other cities in Australla and also in Tasmania and New Zealand and departed from the antipodes with a record of conversions of over 30,000 ouls. A three years' campaign in Great Britain resulted in over 75,000 conversions. With this magnificent record the success of the mission in Omaha is a foregone condusion and only the measure of the suc em is now awaited.

It is expected Dr. Torrey will arrive this. vening and will meet the ministers, mempers of the various committees, personal in the welfare of the mission at the First Presbyterian church at S p. m.

The first meeting at the Auditorium will begin at 7 p. m. and will be preceded by a song service, and while it is expected that the choir at each meeting will consist of 500 voices, it is believed that over 1,000 singers will be present at the initial meet-

What Sulphur Does

COSTS NOTHING TO TRY. The mention of sulphur will recall to many of us the early days when our mothers and grandmothers gave us our daily

dose of sulphur and molasses every spring It was the universal spring and fall blood purifier," tonic and cure-all, and,

mind you, this old-fashioned remedy was not without merit, The idea was good, but the remedy was crude and unpalatable, and a large quantity had to be taken to get any effect,

Nwadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a tablespoonful of the crude In recent years research and experi-

ment have proven that the best sulphur for medicinal use is that obtained from Calcium (Calcium Sulphide) and sold in drug stores under the name of Stuart's Calcium Wafers. They are small chocolate coated pellets and contain the active medicinal principle of sulphur in a highly oncentrated, effective form.

Few people are aware of the value of his form of sulphur in restoring and maintaining bodily vigor and health; sulphur acts directly on the liver and excretory organs and purifies and enriches the blood by the prompt elimination of waste

Our grandmothers knew this when they dosed us with sulphur and molasses every spring and fall, but the crudity and impurity of ordinary flowers of sulphur were often worst than the disease, and cannot compare with the modern concentrated preparations of sulphur, of which Stuart's Calcium Wafers is undoubtedly the best and most widely used. and kidney troubles and cure constipation

They are the natural antidote for liver and purify the blood in a way that often surprises patient and physician alike. Dr. R. M. Wilkins, while experimenting with sulphur remedies, soon found that the sulphur from Calcium was superior to any other form. He says: "For liver, sidney and blood troubles, especially when resulting from constipation or majaria, I have been surprised at the results obtained from Stuart's Calcium Wafers.

putients suffering from boils and pimples and even deep-seated curbuncles, I have repeatedly seen them dry up and disappear in four or five days, leaving the altin smooth. Although Stuart's Calcium Wafers is a proprietary article and sold by druggists and for that reason tabooed by many physicians, yet I know of nothing so safe and reliable for consilpation, liver and kidney troubles and aspecially in all forms of skin diseases as

this remedy At any rate people who are tired or pitts, catharties and so-called blood "puriners" will find in Squart's Calcium Wafers, a far esfer, more palatable and of

Many inquiries are being made by people outside of Omaha in regard to accommodations during the Torrey-Oliver mission. Any women who will be able to accommodate people during that time are requested to register their rooms in the office.

The regular gospel service will be held Sunday afternoon at 4:30. The meeting will be in the nature of echoes from the state convention. A number of representatives at the convention will speak and Mrs. Byers will lead. Miss Lilly Burgess will sing "There is a Green Hill Far Away." All women are welcome.

The educational committee wishes to an-

The educational committee wishes to an-The educational committee wishes to announce that an embroidery class will be started as soon as there are ten registrations for it. The course will consist of ten lessons, to be given before the holidays. The class will meet twice a week on Tuesdays and Thursdays, from 12 to 1 o'clock, and will be taught by Miss Jones, the embroidery teacher of the firm of Weinlander & Smith. The tuition fee for the course will be 50 cents to members. Those desiring to take the work are requested to register in the office at once.
